APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the point of diversion and place of use of water from Spring Creek, is issued with the understanding that no valid rights will be affected by such changes. A substantial headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of water under said changes at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.33 cubic foot per second.

Actual construction work shall begin on or before June 30, 1927.

Proof of commencement of work shall be filed before July 30, 1927.

Work must be prosecuted with reasonable diligence and be completed on or before July 30, 1927.

Proof of completion of work shall be filed before August 30, 1927.

Application of water to beneficial use shall be made on or before November 30, 1928.

Proof of the application of water to beneficial use must be filed with State Engineer on or before December 30, 1928.

Proof of water used October 16, 1927

Proof of commence of work on October 22, 1927 WITNESS MY HAND AND SEAL this 30th

Proof of beneficial use date = August 5, 1931 day of August, 1926.
